ONETHING 2011 Conference – General Information

One Thing is a conference that gathers upwards of 25,000 youth and young adults from all around North America to come together and spend time in worship, prayer & intercession. The conference takes place from December 28th – 31st and is a unique event that will really impact our youth. We're able to take up to 21 people, including 6 adult chaperones / drivers who are approved by Catch the Fire Senior Leadership to transport and take care of your youth. Each of our drivers are over the age of 21 and have undergone a 3-year driving history check, vulnerable sector Police check, verbal screening and process with Catch the Fire to be approved, so you can rest safe knowing that your youth are in good hands, under the leadership of our Youth Network Pastor, Ben Kennedy. While we are in Kansas City, we will be staying in the home of Pastors John & Patricia Bootsma which will help us save significantly on accommodation costs compared to a hotel.

If you have any questions about the conference or our trip going down, please feel free to contact me.

God Bless!

Costs

Trip Costs: \$380 (CAD) per person, plus 4 lunches & 4 dinners.
This will cover all travel costs including vehicle rental and gas. It will also cover meals during the drive down and back from Kansas City, breakfast in the mornings and a packed lunch for when the team leaves Kansas City to come back to Toronto. Accommodations for 5 days are also covered in this cost.

Individual Costs: Individuals will need to bring money with them for any additional snacks and souvenirs on the way down and back, as well as for eating out for lunch and dinner during the 4 days of the conference. They may also want to bring extra money for other things such as souvenirs to bring back.

Trip Leadership

The trip will be lead by our Youth Network Pastor Ben Kennedy (aged 28). More detailed information (including other adult chaperones, itinerary and contact details) will be forwarded to participants prior to departure.

All adult chaperones have been through our vulnerable sector screening and police check process to work with minors.
